European International University (EIU - Paris)

Authorization in France and International Accreditation

The European International University (EIU-Paris) is a private education establishment authorized by the French Ministry of National Education, Higher Education, Research, and Innovation in accordance with the French Education Act (Code de l'Education Articles L 444-1 to 444-11 and R 444-1 to 444-28).

EIU-Paris was founded with a vision to offer international-type programs and qualifications to the global student market. As a result, the university does not provide programs in French medium, nor does it use traditional French degree nomenclature, such as "Licence universitaire" for Bachelor's degrees, "Master" (pronounced "mah-stehr" with a silent 'r') for Master's degrees, or "Doctorat de recherche" for Doctorate degrees.

Instead, EIU-Paris offers a range of international-type degree programs such as Bachelor of Education (BEd), Bachelor of Science in Information Technology and Data Science (BSITDS), Bachelor of Business Administration (BBA), Master of Business Administration (MBA), Master of Science in Information Engineering and Technology Data Science (MSIET), Master of Science in Mental Health and Psychology (MSMHP), Master of Science in Information Technology and Data Science (MSITDS), Doctor of Business Administration (DBA), Doctor of Management (DMan), Doctor of Education (EdD), Doctor of Psychology (PsyD), and Doctor of Philosophy (PhD).

With its international focus and reach, EIU-Paris holds international accreditation from the Accreditation Service for International Schools, Colleges, and Universities (ASIC). ASIC is recognized by the UK Visa and Immigration (UKVI) in the UK and is a member of the Council for Higher Education Accreditation (CHEA) International Quality Group (CIQG) in the USA, listed in their International Directory. ASIC is also a member of the British Quality Foundation (BQF), an affiliate of the European Network for Quality Assurance (ENQA), and an institutional member of the European Distance and E-Learning Network (EDEN).
